GARDNER BEHIND BARS OF FEDERAL PRISON

Smoke Screen Veils Fell Blow at Mighty Battleship.

Destroyer at Full Speed Launches Torpedo at Mississippi's Keel.

This remarkable picture taken by the Kestons Photo Service during the Pacific Fleet's war maneuvers off the harbor yesterday, shows the wake of a tin-head torpedo in the foreground, with the battleship destroyer, speeding ahead at a tangent. This picture was taken from the deck of the flagship New Mexico and shows a mighty smoke screen in the background.

British Dominions Expected to Line Up Solidly Against Treaty Renewal.

BY ARTHUR SEARS HENNING.

WASHINGTON, June 16.—On the eve of the meeting of the League of Nations Council to discuss the mandate issue raised by the United States and the meeting of the British imperial conference, which will discuss renewal of the Anglo-Japanese alliance, Washington has become the center of a great international game of diplomatic chess.

LATE NEWS.

WILL HONOR HACKETT.

PARIS, June 16.—The Legion of Honor is to be conferred upon James K. Hackett, American actor. The insignia will be presented at the Ministry of Fine Arts Saturday.

ROBBERS TAKE \$2000.

Gustave Meertel last night reported to the police the theft of \$2000 in diamonds and jewelry while he and his wife were absent from their home, 606 South Hobart Boulevard.

HOLD FATHER FOR DEATHS.

CALGARY (Alta.), June 16.—Fire which destroyed the home of Joseph Rutledge and resulted in the death of his wife and four children was set by Rutledge, according to a verdict returned by a coroner's jury which held an inquest today.

NEW AIR MAIL HEAD.

MINNEAPOLIS, June 16.—Carl F. Esge of this city has been appointed general superintendent of the Air Mail Service in the United States, according to word received from Washington tonight. He will succeed Maj. Soli of Chicago. He will assume his new duties at once.

STUDENT WAS MOONSHINER.

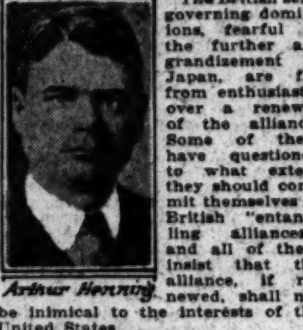

EVERETT (Wash.), June 16.—Chiffoleau Coleman, who forfeited \$300 bail on a liquor charge here today when arrested and found in possession of two stills, explained, according to the police, that he had intended to work his way through business college by moonshining.

WHISKY IS MISSING.

SACRAMENTO, June 16.—The mysterious disappearance of three barrels of whisky intended for the Sacramento County Hospital and which was supposed to be in charge of County Purchasing Agent Vice will be made the subject of a rigid examination.

THREE MINERS KILLED.

TELLURIDE (Colo.), June 16.—Three men were killed by gas fumes that followed an explosion in a mine at Rico, near here, tonight. The dead are Joe and Louis Stampel, brothers, and Cameron Stiles. Stiles made his way to safety, but lost his life when he returned to the mine after summoning aid for his fellow workers.

Japan is eager to renew the alliance and is maneuvering to ally the apprehensions of the British dominions. Tokyo has instructed Baron Shidehara, the Japanese ambassador here, to open negotiations with Secretary of State Hughes for an immediate settlement of all issues between the United States and Japan.

Japanese propaganda is directed toward convincing the British dominions that the relations between the United States and Japan furnish no sound impediment to a renewal of the alliance, because the controversies between the countries are in process of settlement.

This, however, is not the fact. Baron Shidehara has had several talks with Mr. Hughes, and has disclosed Japan's ardent desire to throw all the controversies into the proposals of settlement made by Japan on any single issue.

HUGHES IS WARY.

The Japanese would like to satisfy the United States on the Yap Island question merely by internationalizing the cable and radio stations and possibly giving America the Yap-Guam cable. Mr. Hughes refuses to take the bait. He insists that Japan alone cannot settle the Yap question. That can be done only by all the Allied powers rescinding the disposition, without consulting the United States of Yap and the other Pacific Islands.

Not even the League of Nations can settle this question, Mr. Hughes holds, and he will send no representative to discuss the matter with the League Council, despite the urging of that body. Although the

DESTROYER FLEET WINS.

Report Sea Battle off Port Results in Defeat of Superdreadnaughts.

After an all-day battle yesterday off the Southern California coast between the four largest superdreadnaughts of the Pacific Fleet on one side, and an enemy force consisting of thirty-five destroyers, four scout cruisers and a large number of naval seaplanes, the capital ships were unofficially reported to have been decisively defeated.

The opposing fleets left Los Angeles Harbor early yesterday morning for the open sea. Soon after leaving port the destroyers circled about the battleships New Mexico, Mississippi, Idaho and Texas, cutting off escape, and throwing out smoke screens to protect themselves.

The battleships were then made the target for torpedoes from the attacking destroyers, aided by the seaplanes, which were used to locate the dreadnaughts. The ships returned to port late in the afternoon, but no official results of the battle practice could be obtained.

Unofficial reports among the men of the fleet were that the destroyer force had disastrously defeated the capital ships. The flagship New Mexico was reported to have been struck four times by the tin-head torpedoes, while the Mississippi was reported having been struck several times.

The practice will be continued today, under direction of Vice-Admiral Clarence R. Williams, acting commander-in-chief of the Pacific Fleet, on the New Mexico, and Capt. Frank B. Rowley, commander of the destroyer squadron, on the Birmingham.

MAY SHIPMENTS IN STATE OF 250,000 BARRELS DAILY.

FAR BELOW NORMAL.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 16.—May shipments of oil by all companies in California, amounting to 250,000 barrels a day, were far below normal as a result of interruption of water transportation due to the marine workers' strike, according to a monthly statement issued today by the Standard Oil Company of California.

Production in May also showed a decrease of 180 barrels a day, compared with April, the total daily production being 337,101 barrels a day. Stocks were increased 2,671,941 barrels during the month.

Fifty-nine new wells were completed during May, with an initial daily production of 21,120 barrels.

FOR SHOOTING TWO.

(BY A. P. NIGHT WIRE.)

WINEBORO (Tex.), June 16.—John Williams, 33 years old, was shot and killed, and Guy Carlisle, 21 years old, was wounded seriously last night. Mrs. Hiram Newsome is charged with having shot them and today gave a bond of \$4000 for her appearance.

MAIL BANDIT AT M'NEIL'S ISLAND; KEEPS CHEERFUL

(BY A. P. NIGHT WIRE.)

TACOMA (Wash.), June 16.—Roy Gardner, train robber, who sensationally escaped from his guards at Castle Rock, Wash., June 11, while en route from San Francisco to the Federal penitentiary at McNeil Island, near here, heard the prison doors close behind him late tonight. Handcuffed to "Dad" Hunter and Morris Cottari, Southern Pacific Railway special agents, Gardner arrived in Tacoma tonight from Centralia, Wash., where he was captured today after keeping the whole of southwestern Washington in suspense during the past week.

Somehow word had spread that the train robber was on the train and an excited throng at the depot packed themselves around the waiting automobiles from the Pierce county sheriff's office.

KEEPING ON SMILING.

Gardner left the train surrounded by guards, special agents and postal inspectors. U. S. Marshal James B. Holohan of San Francisco led the way with the other officials forming a circle about the prisoner.

Whisked into an automobile and with a second machine closely following, the party proceeded at fifty miles an hour through Tacoma to the wharf at Shelacoom, Wash., directly opposite McNeil Island.

"Is that the place yet?" Gardner asked and when told that he was looking toward the institution that might be his home for the next five years, he surveyed his complete sentence there, the half-cynical smile he wears did not break.

Still handcuffed to the two guards, Gardner crowded through the narrow cabin door of the Federal launch and within the hour was behind the bars at the McNeil Island penitentiary.

STARTS FOR PRISON.

(BY A. P. NIGHT WIRE.)

CENTRALIA (Wash.), June 16.—At 4:30 o'clock this afternoon Roy Gardner, mail robber and fugitive from justice since last Saturday morning, when he escaped from the Federal penitentiary at Centralia, Wash., once more started for the McNeil Island penitentiary to serve a sentence of five years for his capture in Centralia today by Patrolman Louis Souney.

Full of curiosity, the residents pecked the station platform and the streets about when Gardner and his guards landed at McNeil Island. Officers were forced to clear a path through the crowd from the station to the prison.

WAVES TO CROWD.

Gardner's last act before departure was to wave farewell to the crowd, holding up a conversation with those of his two guards. He maintained his characteristic smile throughout the journey.

It developed this afternoon that Mrs. Marian Howell, wife of the proprietor of the Centralia Hotel, was instrumental in Gardner's capture. The latter secured a room at the hotel and yesterday morning, when he was discovered by the police, he was found in the room.

In describing his escape from the train near Castle Rock, Gardner declared that N. H. Fryer, the counter-jumper, was the one who helped him.

KILLS BENEFACTOR, SELF.

Insane Jealousy Given as Reason for Crime of Former British Soldier.

(EXCLUSIVE DISPATCH.)

CHICAGO, June 16.—Mrs. Margaret Ennis, 73 years old, wealthy mother of Callistus E. Ennis, Sr., millionaire real estate dealer, was shot and killed in her apartment-house at 2188 Greenwood avenue late this afternoon by Sgt. Tom (Greck) Smyth of the British army, well-known soccer football player and former pugilist champion of Ireland. Immediately after the slaying of Mrs. Ennis, Smyth placed the revolver to his temple and blew out his brains.

The double slaying, the police say, was the result of an insane jealousy and unrequited love. Harry T. McInerney, a plumber, married Mrs. Ennis, who was once a soccer player and former pugilist champion of Ireland. Immediately after the slaying of Mrs. Ennis, Smyth placed the revolver to his temple and blew out his brains.

At that time Mrs. Ennis was the owner of the apartment building at 2188 Greenwood avenue, and lived in an apartment on the second floor. This building she sold on March 14 for \$17,000, receiving \$1000 in cash.

WAS ORDERED AWAY.

Smyth continued to room with Mrs. Ennis until about two months ago, when he left at Mrs. Ennis's request. Previous to this time Smyth had appeared on the scene. The police say an alleged rivalry for the affections of Mrs. Ennis developed between the men and resulted in Smyth's dismissal from the Ennis apartment.

This afternoon he appeared at the rear door of the apartment and called Mrs. Ennis out. A neighbor woman, living upstairs, heard Mrs. Ennis call for help, and ran down in time to see Smyth drag her into the flat. Four shots were fired immediately and the neighbor summoned the police. When they arrived Mrs. Ennis and Smyth were dead.

SOUTHWARD IS CALLED AS MURDER CHARGE IS MADE

(BY A. P. NIGHT WIRE.)

FALLS (Idaho), June 16.—Mrs. Lyda Southard, who married her fourth husband, Edward F. Meyer, yesterday morning throughout the day at a preliminary hearing before Probate Judge O. P. Duvall, while witnesses called by the state to the chain of evidence which the state has to convict her of its charge of murder in the

state's proceedings. Southard's parents, Mr. and Mrs. J. F. Southard, were constantly at the court to see their daughter, who had crowded in

each other. Mrs. Southard, who was married to Meyer for four years and until his death, was the only woman in the state who had been married to four husbands.

Each faction said that there were 1400 buildings under construction. The Builders' Exchange, made up of employers, said the American plan was in operation on 140 buildings, and that forty-three contractors were given permission to buy materials through the exchange yesterday for the prosecution of work under this plan.

The San Francisco Building Trade Council said there were but seven buildings under the plan, while on 1400 others strictly union men were being employed.

COMMEND CALIFORNIA FOR ITS FIRE LAWS.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 16.—Resolutions asking legislation against the pollution of navigable and tributary waters by oil waste and commanding the State of California and municipal authorities on the passage of laws insuring greater fire protection for dwellings and other buildings were adopted by the National Fire Protection Association at the concluding session of its twenty-fifth annual convention today. W. E. Mallahan, New York, was re-elected president, and the other officers of the association were also elected.

The selection of the 1922 convention city was left to the executive committee.

A free-trader, Cox made a humorous talk against the protective tariff, quoting the devil frequently and winking up with the two lines describing the devil's costume.

"His scarlet coat and pants of blue." "With a little hole for his tail to go through."

"I don't wonder," said Mason, "that a free-trader should be so familiar with the devil's wardrobe. He never told a story he didn't have to laugh at, and he ceased to tell it when he ceased to laugh at it."

"I'd give up all the art acquired by years of practice for your perfect naturalness at this line," said Mason.

There are a lot of good stories about Mason; some of them are his own. He was always telling them. He never told a story he didn't have to laugh at, and he ceased to tell it when he ceased to laugh at it.

SCHOOL PUPILS
ENDOWN LIVES.

New York Students Fear Hard Examinations.

Studies in Los Angeles Are Not So Severe.

Bulletin Is Issued Children by Authorities.

BY HARRY CARR.
(TELEPHONE DISPATCH.)

NEW YORK, June 16.—Public bulletins addressed to school children have been sent out by the police and charitable institutions in an effort to check the epidemic of suicides. Seven children under 15 years of age have committed suicide in New York since May 24. In every case they killed themselves through fear of the final examinations.

The suicide wave first came to the attention of the police on May 24, on the eve of examination time. Within twenty-four hours of that date Flora Morina, 14 years old, of Newark, hanged herself; Helen Greenwald, 13 years old, 234 West One Hundred and Thirty-third street attempted suicide by poison, and Doris Boylan and Agnes Dougherty, of Long Island City, tried to kill themselves by inhaling gas. All feared they would be unable to pass their examinations.

GIRL TAKES POISON.
On May 28 Catherine Angley, 14 years old, 2415 First avenue, took poison. A note explained that her fellow-pupils had made fun of her poor scholastic standing, believing she was much older than she was because of her size.

REPORT CARD FOUND.
A few minutes later, in glancing over the boy's school book, his mother found the report card. Opposite several studies in red ink was written "danger." Apparently a warning from the youth's teacher that he would flunk unless he improved in the studies this marked.

SKEPTICAL OF
SOVIET TRADE.

German Business Side-steps Any Agreement.

Frankly Admit Little Chance of Resumption Now.

Red Insistence on Monopolies Confuses.

(BY CARL AND ASSOCIATED PRESS)
COLOGNE (Germany) June 16.

German business interests and the German press are extremely skeptical about the value of the preliminary trade agreement entered into with the Russian soviet republic by the German government and frankly declare there is little reason to hope for immediate trade with Russia on any considerable scale.

The fact that the soviet republic still insists upon monopolizing all import and export business and had the preliminary trade agreement written with that object in view confuses German business men who profess to be unable to comprehend the document.

The German business men who put their faith in this agreement can have no guarantee of personal or property security, for the insurrectionary and disloyal elements in Moscow and Berlin must be essentially enlarged and clothed with more authority. An urgent warning should be issued against false hopes of great commercial advancement.

DECLARES THAT MRS. ORTHWEIN THREATENED TO KILL MURDERED MAN.

(EXCLUSIVE DISPATCH.)
CHICAGO, June 16.

Further damage was done to Mrs. Cora Isabelle Orthwein's defense today when Ziegler's chauffeur testified that three weeks prior to the killing of Ziegler, he had heard Mrs. Orthwein threaten to kill Ziegler if he went back to his wife and daughter. This testimony coincides with that given yesterday by the cook at the Orthwein flat.

TREASURY OFFERING
IS OVERSUBSCRIBED.
(BY A. P. NIGHT WIRE.)
WASHINGTON, June 16.—The Treasury's offering of \$500,000,000 of three-year notes and one-year certificates brought subscriptions of more than \$750,000,000, according to preliminary reports. Secretary Mellon announced that subscriptions were about equally divided, he said, between the certificates and the new notes which are the initial issue under the Treasury's program for refunding the short-dated debt. It is probable, he added, the allotments of the combined offering will exceed \$500,000,000.

SPORTS MOTORING ISLAND DRAMA

**HAVE TROUBLE
OVER REFEREE.**
Commission for Big Fight
Postpones Naming Man.
Candidates in Original Con-
tract Are Ignored.
Rumor Has It Erle Had Been
Tentatively Picked.

BY A. P. NIGHT WIRE
HACKENSACK (N. J.) June 16.—
A threat that there would be no
Dempsy-Carpenter fight in Jersey
City July 3 if the New Jersey Box-
ing Commission could not have the
privilege of naming the referee was
made tonight by Commissioner
Doherty at a dinner to C. J. Lyons,
another member of the commission.
Commissioner Doherty said a
serious situation had arisen as a
"certain party" believed he should
have the privilege of naming the
referee.

State Senator Alexander Simpson
declared if the commission did not
show backbone in sticking up for its
rights and name the referee, the
next Senate would repeal the New
Jersey boxing law.

NEW YORK, June 16.—Contro-
versy is expected before a referee is
named by the New Jersey State Box-
ing Commission for the Dempsy-
Carpenter bout.
It has been expected selection
would be made by the commission
today, but after adjournment it was
announced action had been in-
definitely postponed at the request
of Promoter Tex Rickard. It was un-
derstood that a sharp difference of
opinion had developed among those
with interests at stake.

According to reports, J. Harry Erle,
a New Jersey referee, had been
tentatively picked with three other
New Jersey referees as alternatives,
but opposition developed from
Dempsy's camp because the com-
mission had ignored candidates

NEW YORK, June 16.—The draw
for the British turf lawn tennis
championship play, which begins at
Wimbledon on Monday, will
bring many prominent players to-
gether in the first round. Under
the English rule, the 1920 cham-
pions in each class will not play
through the tournament, but will
meet the winner or runner-up in the
challenge round. As a result the
names of William T. Tilden of Phila-
delphia, holder of the singles cham-
pionship, and Miss Suzanne Lenglen
of France, women's singles title-
holder, do not appear in the draw.
The draw:
In the top half of the draw for the
men's singles a number of players
with international reputations are
grouped so that they will meet in the
early rounds. Among these are H.
Roper Barrett, A. E. Beamish, J.
Griffiths, Randolph Lycett, F. M. B.
Fisher, A. R. F. Kingscott, F. Gordon
Lowe, Dr. A. Pyzde and Zeno
Shimizu, Japanese player.

The lower half of the draw in-
cludes Andre Gobert and William H.
Laurens of France and Arnold W.
Jones of Providence.
In the top half of the women's
singles draw, Miss M. McKane, who
figured prominently in the Olympic
championships at Antwerp last Aug-
ust; Mrs. Satterwaite, Mrs. Shep-
herd, Mrs. Lamplough and Mrs.
Cradock are entrants.
The lower half of the draw in-
cludes Miss Ryan, Miss Betty, Miss
Sigourney, Mrs. R. C. Middleton and
Mrs. O'Neill.

In the men's doubles the United
States team will not be strongly rep-
resented.
In the women's doubles, Mrs. Mal-
lory and Miss Sigourney drew a bye
in the first round. Mrs. Larcombe
and Mrs. Lambert Chambers will
meet Mrs. D. Harvey and Miss E. G.
Johnson.

Watch Him Ramble Saturday.
Pacific Slope Boys May Cop National
A.A.U. Track and Field Title;
L.A.A.C. Tryout Saturday.

Quotations on the local brawls
and muscle market appear to favor
Pacific Coast athletes in the national
A.A.U. track and field championships
to be held in Pasadena July 3, 4 and 5.
Despite the strong delegations of
cinder pushers which eastern clubs
will send to the Coast, there seems
to be no reason to suspect a vic-
tory for any organization but a
western one.
The L.A.A.C. has lined up, through
the persuasive powers of National
A.A.U. President Bob Weaver, every
athlete of note in the south to rep-
resent the club and Southern Califor-
nia. Student bodies at some of the
colleges wished their athletes to run
under the institution colors. Weaver
pointed out that their points would
be scattering and ruin the chance
of the south to win the cham-
pionship. A concentrated effort, he
argued, would bring more glory
to this section of the country.

Up north the Olympic Club has
corralled all the University of Cal-
ifornia and Stanford track men liv-
ing in the Northern Pacific district
of the A.A.U. Morris Kirksey, Jess
Wells, and others, all of whom
have national reputations in their
respective events, will com-
pete for the "Briar" Cup.
The Olympic club will have
Johnny Norton, formerly of Stan-
ford, who last year at the Olympic
try-outs at Pasadena, established a
new world's record of 54.1-1/2 in
the 440-yard hurdle. Deoch of
Norton's name since then has been
the figure, running the race in
53.4-1/2.

The strength of the Los Angeles
Athletic Club team may be judged
by the showing of its athletes in the
special try-out at Paddock Field
next Saturday afternoon. Every
athlete who is to run, jump or toss
the weights for the club will partic-
ipate in his favorite event.
Of particular interest will be the
efforts of World's Champion Sprinter
Charley Paddock to set a new
world's record which he dis-
carded last year at the Olympic
try-outs at Pasadena, established a
new world's record of 54.1-1/2 in
the 440-yard hurdle. Deoch of
Norton's name since then has been
the figure, running the race in
53.4-1/2.

Who will edit the natives in the special tryout for the A.A.U. track and field championships at Paddock Field tomorrow afternoon, Willmy Isehouer of U.S.C. doesn't lay any claims to speed of the Paddock type, but he is a consistent 108, 220, or 440-yard man—one of the kind of guys any trainer likes to have sticking around.

mythical nine lives and accept all
the golf club memberships. The Hon.
Paddock has been keeping it a se-
cret, but as soon as he is through
with college and the racing game he
has golf aspirations. And who knows
but what a few years hence the Hon.
Paddock may be lauded as a champ
on the links. Former National Ten-
nis Champion Mary Browne a short
month back captured the crown of
Southern California from a field of
experienced tournament players, and
she had been playing a scant two
years. He will be seen from Red-
lands, his home, for the fun on Sat-
urday.

W. L. Steard, the little black boy
from Pasadena High School, wants
to run for the Athletic Club and yes-
terday remitted in his entry. Steard
took second to Blanken in Compen-
ton in 108. fast in the Southern Cal-
ifornia track championships at
Housh Field this spring.

A letter from Matt Halpin, athletic
commissioner of the New York Ath-
letic Club, apprised Weaver of the
date of the Gotham team's arrival at
June 23.
Halpin fears the temperature will
be mounting about that time of the
year, and that the team will be
concerned with the disposal of the New
York athletes.

If I remember correctly, Pasadena
is pretty hot about that time
of the year, and if you think Los An-
geles would be better, you had bet-
ter locate us there; that is entirely
up to yourself.
"Will not be able to make trip,"
but Paul Pilgrim will be along."
Then follows a list of the New
York athletes and their records,
which was dealt with in a nine-page
letter from Dan Ferris, an A.A.U.
secretary in charge, to Weaver.

In a telegram from Lawrence R.
Hill, Albany, N. Y., Weaver yester-
day received Charley's life mem-
bership for each additional record
which he smashed. Too bad
Charley can't be a cat with its
nine lives.

A.A.U. NAMES FIFTEEN.
NEW YORK, June 16.—Olympic
and intercollegiate athletes of note
included in the squad of fifteen
men named today by Paul Pilgrim
of the New York Athletic Club to
represent that organization in the
national A.A.U. track and field cham-
pionships at Pasadena, Cal., opening
July 2.
Eleven members of the team will
leave here Sunday, stopping June 23
at Portland, Or., to meet the
Multnomah Athletic Club team in a
duel meet on June 25. This squad
will include Edward Farrell, decatur;
Harold Ray, quarter mile; Allen
Heifrich, half mile; Bernie Waters,
dash; Edwin Adams, half mile;
John Sellers, half mile; Her-
bert Meyer, hurdles; Richmond P.
Landon, high jump; Pat McDonnell,
weights; Robert Walker, discus, and
Charles Irish, mile. Landon of Yale,
in the high jump, and Meyer of
New York policeman, in the 54-
pound weight throw, were winners
in the Olympic games last summer.

ARENA FINISHED TUESDAY.
JERSEY CITY (N. J.) June 16.—
The bowl-shaped wooden arena for
the Dempsy-Carpenter fight here
July 22 will be finished next Tues-
day, says Allen O'Brien, the chief
engineer of the construction work.
It will seat 60,000 persons and will
cost approximately \$250,000. More
than 2,000,000 feet of lumber have
been used.
Grading of the ground was begun
April 27. The city has put in extra
hydrants and water mains for pro-
tection against fire. There will be
twenty exits.

GOLFERS IN FINAL WORK.
ST. ANDREWS (Scotland) June 16.—
The largest assemblage of interna-
tional golfers ever seen here are
hard at work in the final week-end
practice for the qualifying rounds
of the British open championship,
which begins Monday at the Royal
and Ancient Golf Club.
The draw shows 180 men entered,
including the cream of the amateurs
and professionals from the United
States, the British Isles, Australia,
France and Spain.
The Americans who will make a
final attempt to capture the British
1921 open title include Walter
Hagen, James Barnes, Jack Hutch-
inson, Charles Evans, "Bobby" Jones
and Paul Hunter.

combination, carried off the
honors in their first trial race
with the "B" combination to-
day over the Poughkeepsie-
Highland course. The Navy
and California were out in the
afternoon.

**ALEXANDER GIANTS
STILL IN THE LEAD.**
The finish of the first half of the
season's schedule of the Summer
League is but a little over a week
off yet and finds the Alexander
Giants still in lead by a game. To-
morrow afternoon the Giants have
been carded to play the Sherritt
stars at Alexander Field. Thirty-

nue.

On Sunday, the Giants' tenth game
in the Summer League will be
played at the home ground with the
fast Haas-Cox team of Pasadena. On
the following Sunday, the eleventh
and final game of the first half will
be played at Ventura against Ven-
tura.

NICHOLAS COLTS LOSE.
The Gene Murphy's southpaw
bowling five narrowly defeated Paul
Nicholas's Colts at Anaheim Wednes-
day night in the first of a home-and-
home challenges match. The score
was 2791 to 2776, a difference of
twenty-one points.
High total and game score was
bowled for the Gene Murphys by
Basovich. He had 113 and 224.
For the Colts, Kuntz had high total
of 2818 and Goodman high game of
225.

TAFT BALL CLUB BUYS FRANCHISE.

(EXCLUSIVE DISPATCH.)
HARTFORD, June 16.—The
Taft ball club in the San Jo-
aquin Valley Baseball League
today passed to the Taft club
by purchase and the latter
team will begin play with the
game at Tulare next Sunday.

The Taft "Cubs," hereto-
fore one of the strongest teams
in the league, has consistently
held the cellar position this
year without a single victory
to its credit.

It was learned unofficially
that the commission would stand on its
rights under the State boxing law
which empowers it to name and li-
cense all referees. It also was as-
certained that none of the five
named in the fight contract had yet
applied for a referee's license.

It was considered not unlikely
that difficulties might arise in adjusting
rules in the New Jersey boxing reg-
ulations regarding seconds, hand
bandaging, etc., which appear to
conflict with the match code specified
in the boxers' contract.

OFFERS PRAYER FOR
GEORGES' SUCCESS.

(BY CABLE.—EXCLUSIVE DISPATCH.)
PARIS, June 16.—Twelve-year-old
Yvonne Durand, whose family are
fugitives from Lens, today began
burning a candle at St. Sacre Coeur
Church on the top of Montmartre
to the patron saint as an act of
supplication that Carpenter win the
championship. The child is send-
ing Georges a silver medal in the
French colors, which she made her-
self and requesting that he wear it
on July 2. The medal was made
from a portion of a French flag
which was hidden in a cellar under
the Lens town hall when the Ger-
mans seized the mining city.

PHILIPPINE TEAM
FORCED TO DEFAULT.

(BY A. P. NIGHT WIRE.)
NEW YORK, June 16.—The
Philippine Davis cup tennis team,
scheduled to play Japan in the first
round, has been forced to default
because of inability to reach the
United States before July 30. It was
announced today. The Philippine
team has not yet returned from the
Far East games at Shanghai. A
cable message, accepting the default,
has been sent to the Philippines.
The second round match between
Japan and the winner of the Bel-
gium-Czechoslovakia match, has
been awarded to Minneapolis.

States Lawn Tennis Association, de-
clared today. Nearly 2000 season
tickets have been sold for the Davis

ginning September 2.

PORTLAND HOME RUN
RECORD IS SOARING.

(BY A. P. NIGHT WIRE.)
PORTLAND (Or.), June 16.—
Four home runs were recorded here
today in the game between Los An-
geles and Portland, and they
brought the total number for the
season on the home lot to thirty-
three. In thirty-three games, no
such record ever was approached
here before. Of today's homers
three were made on the Los Angeles
side and one by Portland.

But it was Herman who made it
possible for the champion to display
his real speed. Babe had his in-
structions and moved like a man-of-
war, but Dempsey was right. He had
him. In and out and shifting.
Dempsey hit it up, and it is hard
to see who could get away from him.
We'll say right now that it simply
can't be done. Which may be news
for Manhasset.

Everything that Jack Dempsey did
today smacked of speed. He thought
fast and acted fast. When he got
up this morning he was full of pep
and shot a pillow at the sleeping
Mike Trant's head. "Get out of
that and get out quick, for we're
going to do some traveling in the
road this morning," shouted Jack
at Mike. Trant's head of that.
All right, and they did seven miles
of sweat-producing trotting.

FIELDING AVERAGES.

Sacramento has averaged but one
error per game this season and leads
in club fielding, with a mark of
.976. Vernon is running second with
an average of .976. Vernon made
only five errors in the seven-game
series with Oakland last week.

Leaders in the various fielding po-
sitions are: First base, Locker (Ver-
non), .997; second base, Knight
(Oakland), .981; third base, Smith
(Vernon), .980; shortstop, Orr (Saca-
mento), .957; Middleton, Seattle out-
fielder, has a perfect fielding average
for the forty-four games in which
he has performed. Compton (Saca-
mento) is the real leader, having
made but one error in 131 chances.
Elliot, Sacramento catcher, is field-
ing .984, with four errors out of 349
chances.

The averages for games played up
to Tuesday, as compiled by Leo Mc-
Carthy, follow:

DEMPSEY'S SPEED IS A REVELATION.

Champion Steps Out and
Displays His Nimbleness to
Admiring Fans.

BY RAY PEARSON.
(EXCLUSIVE DISPATCH.)
ATLANTIC CITY (N. J.), June 16.—
Jack Dempsey showed something
this afternoon, a something that
would have been a shock to the
many people who harbor the im-
pression that Georges Carpenter is
going to step out in the Jersey City
ring on July 2 and carry the world's
champion at a dazzling speed that
he will land winner in twelve
rounds, the limit of the contest.

Ever since coming to this state
we have heard the speed argu-
ment, all of which has heavily
favored the man from France.
These fellows, who are swart on the
chances of Georges, sure he can
travel at such a pace that Jack
won't be able to catch him in
twelve rounds, and in arguing that
way they throw Dempsey's punch-
ing power into the discard.

OPENS SPEED.

We saw a Dempsey today who, as
he returned to boxing for the final
stretch of training, opened
up speed that was a revelation to
some 800 fans. No brother, after
the first boxing day, don't
set in the bank roll that the Georges
is going to throw the dogs at a pace
too fast for Jack Dempsey to keep
up. Oh, for that matter, his fists
in addition to the aforesaid day.

For the first boxing day, he had
many days Dempsey donned the
headgear of a couple of light
weight merchants, these being
Irish Patsy Cline of New York, who
weighed 115 pounds, and Babe
Herman of California, who is a
featherweight. Cline was fast
enough, but Dempsey outtraveled
him, and a couple of times in the
two-round session Jack slammed
nasty punches to the chin, although
he was making no effort to wallop,
and Cline was forced to hug for re-
covery.

LIKE MEN-OF-WAR.

But it was Herman who made it
possible for the champion to display
his real speed. Babe had his in-
structions and moved like a man-of-
war, but Dempsey was right. He had
him. In and out and shifting.
Dempsey hit it up, and it is hard
to see who could get away from him.

MANHASSET (L. I.), June 16.—
There were some lively doings at
Georges Carpenter's training camp
here today, but the sight of Bill
Brennan, the big Chicago heavy-
weight, trying to crash the gate was
easily the piece of resistance in the
whole proceedings. Bill was being
disparaged by a swartly soul, who
appeared very proud of his assign-
ment.

The two stepped along briskly to
the gate only to have their advance
temporarily halted by Mike Des-
camp, who was doing duty in that
direction. There wasn't any one
going to pull a one-eyed Connolly
on old Mike if he knew anything
about it.

MEANT NOTHING.

"This is Bill Brennan, Mr. Des-
camp," said Bill's sponsor, but
that didn't mean a good-bye

CYGI TO PRODUCE.

PARTNER OF MILLE VADIE WOULD STAGE PLAYS.

By Grace Kingsley.

An artist with more than one string to his artistic bow is Ota Oygi, the violinist, who is co-starring with Marjorie Vade, the dancer at the Orpheum this week. It appears that Mr. Oygi is planning to produce plays—whether in the East or out here, is still a matter held in abeyance.

It won't be Mr. Oygi's maiden effort at producing, as he staged a number of plays in New York during the past season, and is part owner in Mary Nash's "Thy Name is Woman." Now he has a number of works in his trunk, which he plans putting on during the coming year.

The Orpheum tour of Oygi and Vade, who, in private life, is his wife, ends in the city. Vade is going to pursue her terpsichorean studies here for a time, at least, and this being her home, the two are to stay with her father.

Later, they will return to New York unless some other arrangement is made by which Mr. Oygi can produce his plays here. He is understood to be working in conjunction with A. H. Woods.

Mary and Doug Will. Phil. They're really going to do this time no matter how often "Wolf" has been cried. I mean Mary Pickford and Doug Fairbanks. Just as soon as ever he has finished "The Three Musketeers," and "The Virginian," and she has finished "The Little Lord Fauntleroy," Mr. and Mrs. Fairbanks are planning a trip to Europe, a several months' stay on the Riviera, and a return journey through the Orient.

Yes, they're going to make pictures abroad, too. Each hopes to film one in the Orient, as each desires to see the world a new sort of background.

In the meantime, Miss Pickford is to go to Burlington, in Northern California, to make exteriors for "Little Lord Fauntleroy," at the Crocker castle there, and Doug Fairbanks hopes to complete "The Three Musketeers" in time to accompany her.

It is anticipated that the making of "Fauntleroy" will extend into August. Fairbanks is going to film "The Virginian" next, and for the exteriors of this will go to Wyoming.

Grace Darmond With Stahl. Grace Darmond signed a contract with First National yesterday, whereby she is to play the lead in a new John Stahl production to be made at the Mayer studio.

The story is by Ben Meredeth, and has a "mother theme." The name of the actress, who is to play the mother, will be announced later. Stahl also is to play the part, and has already also the leading man, who has yet to be selected.

Pangborn Honored. Franklin Pangborn, popular Ma-jestic player, has just received his medals for service in the World War, during which he served for two years. He was wounded twice.

Mary McEvoy Reopens. Mary McEvoy, wife of William Darnold, has gone to Palm Springs to recuperate, following an attack of the grip. She will return in a fortnight.

Houdini Unlocks Wall Street. Houdini, famous in vaudeville as a handkerchief king, and who later succeeded in the creation of a new type of street money, is now at Wall street to make pictures, writes that he is independent of the street, but not in his familiar role of a cinema actress. Instead she is to make her western operatic debut.

Antonio Scotti has announced her engagement with his touring company, which is to play this city in October. Miss Farrar is to be heard in "Tosca," "Zaza," "Carmen" and "Madame Butterfly." It is announced.

Although she has been heard in concert, this will mark her first appearance here in an acting-singing role.

Others already engaged for the Scotti company include Riccardo Stracciari, baritone; Marie Sundell and Bianca Marzola, sopranos; Mario Chamlee, tenor, and Leon Rothier, basso. Maestro Gennaro Papi is announced as conductor.

Testing Classic. "Rip Van Winkle," with Frank Keenan in the title role, now playing one-night stands as a final test before opening here in Los Angeles, is to play this city in a series of one-night stands.

Keaton in New Home. Mr. and Mrs. Buster Keaton have moved into their new home, located at 818th and Harvard, which was the comedian's wedding gift to his bride.

On the flower-laden veranda was Buster, who has never smiled into a camera, but who was smiling yesterday afternoon as he gazed at his bride, who used to be Natalie Talmadge, you know.

"Are you going back into pictures?" the bride was asked.

"Hey, there, I'm going to be the bread-winner in this family," Buster interrupted. "My wife won't work—you know I'm an old-fashioned husband."

Pauline Starke in Specimen. There's a big possibility that Pauline Starke, who appears in "Snowblind," at the California, this week, will go on the stage.

Since making the picture, "Snowblind," Miss Starke has played the lead in two special pictures in New York. She has just returned from the East, and now has her choice of going back to New York in August to begin rehearsal or of staying in the California film colony.

David Butler Back. Deciding there was nothing in Anus to induce him to linger there, David Butler has returned with his company from the four-day little burg, where he has been for several days filming scenes for "Bliss-Bang-Boom," his latest picture. Doris Fawn is playing opposite Butler.

Charlotte Greenwood's New One. Announcement of New York is to the effect that Charlotte Greenwood, who is doing a sort of "Pang-burg," where he has been for several days filming scenes for "Bliss-Bang-Boom," his latest picture. Doris Fawn is playing opposite Butler.

Confirmation of the fact that Oliver Morosco will soon be in this city is confirmed in wire from the East. From there it is understood that he plans to start West "immediately if not sooner."

The further information is given that he will personally supervise the

ALICE BRADY ABROAD.

STARS TO FILM NEXT PICTURE IN IRELAND.

By Edwin Schallert.

Ireland, it seems, is to be placed on the map as a background for a film story—and by no less noted a star than Alice Brady. Accompanied by her husband, James Cagney, she is already crossing the Atlantic to make the picture.

Of course, the trip is to be for pleasure, as well as work. However, everything has been arranged for the filming of one of Dion Boucicault's plays, using as a setting the region in and about Killarney Lake.

Several prominent stars have already been attracted by the possibilities for making pictures during the summer on the British Isles, and the European continent. It is Miss Brady's intention to set to work while the weather is agreeable and finish up in time to return to this country in the fall.

FARRAR TO SING

IN OPERA HERE.

Geraldine Farrar, celebrated both as an operatic and a film star, is to return to the Coast next season, but not in her familiar role of a cinema actress. Instead she is to make her western operatic debut.

Antonio Scotti has announced her engagement with his touring company, which is to play this city in October. Miss Farrar is to be heard in "Tosca," "Zaza," "Carmen" and "Madame Butterfly." It is announced.

Although she has been heard in concert, this will mark her first appearance here in an acting-singing role.

WILL SWELL

BABY FUND

WITH PLAY.

"Mary Rose" to be Given as Benefit for Auxiliary of Welfare League.

Under the auspices of the Child Welfare League Auxiliary, a benefit performance of "Mary Rose," starring Ruth Chatterton, will be given Tuesday evening, the 28th inst., at the Mason Opera House.

The entire theater has been given over to the young women for this one, evening's performance and from the net proceeds the members of the auxiliary expect to derive a substantial fund for their philanthropies.

Two years ago this group of young society girls assumed the responsibility of financing and maintaining the St. Vincent de Paul Infant Home, on North Mariposa avenue, where from twenty to twenty-five babies are given care. It is for the purpose of raising funds for this philanthropy that the special benefit performance is to be given.

Patronesses include Misses Mary Longstreet, H. W. O'Leary, Dan Murphy, Michael J. Connell, Russell McD., Taylor, M. J. McGarry, Lucien M. Bruns, Gravelle MacGowan, Eugene O. McLaughlin and Arnold Burksman; Misses Marie Rose Mullen, Carolina Winston and Caddie McLaughlin.

Officers of the Child Welfare League Auxiliary are Miss Caroline Winston, president; Miss Cecile McLaughlin, vice-president; Miss Mary Ellen O'Neil, second vice-president; Miss Mary Fove, secretary and treasurer; Miss Eleanor MacGowan, recording secretary. Miss McLaughlin and Miss Florence Kays are in charge of publicity for the event, while Miss Mary Fove, with a group of girls, will have charge of the coupon sale in the lobby of the theater.

Coupons sold by the auxiliary members will cover the price of reserved seats for the Tuesday night performance of "Mary Rose," an exchangeable at the box office of the theater for reserved seats on or after Thursday. Regular prices will be charged for all seats, and no lobby sales will be held.

BURBANK EXPECTING

THOUSANDS AT FETE.

MORE THAN TWO HUNDRED ACRES TO BE USED FOR JULY CARNIVAL.

Provision for the housing of 10,000 persons on July 2, 3 and 4 is being made at Burbank by the Memorial Association, which is in charge of the staging of the spectacle to be held there, according to announcement made yesterday.

A tent city is being erected, and already reservations have been made through the chambers of commerce in several Southern California cities. More than 200 acres will be used for the arena, airplane landing, auto park, mission city, hostess tents, stables and concessions.

The cooperation of the secretaries of chambers of commerce in more than 100 cities in giving publicity to the undertaking has been enlisted. The American Legion, Red Cross, G.A.R., United Spanish War Veterans and members of the California National Guard are also working for the success of the enterprise, which is designed to raise funds for patriotic bodies and to serve as a National Guard armory.

"Follow the Star to Burbank," is the slogan adopted by the committee, and guide signs bearing this legend will be posted on all near-by highways.

In addition to the rodeo and stunts features, there will be an electrical parade, a historical review, "The Building of an Empire," a sky carnival and mardi gras.

KEEPS HAREM SHOW.

Fertile to Install Actors' Festival Feature on New Sunset Pier.

Dick Ferrie's harem, the concession which won him the banner for bringing in the largest receipts for the Actors' Fund festival at the Speedway on the 4th inst., is to become a permanent institution in Southern California.

Contracts were signed yesterday between E. C. Dunnigan, president of the Sunset Pier Company, and Dick Ferrie whereby the latter will maintain his harem show on the new Sunset Pier from the opening date, July 2.

The harem show on the pier will be even more elaborate than the one at the Speedway, it is said.

WILL "DOUBLE IN BRASS."

Two of the actresses in "The Kan-kan" at the Regal Little Theater will be "doubling in brass" all next week, that is, playing daytime before the camera and night-times before the footlights. Martha Mattox, character woman, is busy with Priscilla Dean in "The Conflict," while Kathleen Kirkham is appearing with Lewis Stone and Ruby De Remer in "The Black Fox."

CONTEST WINNER IN CASE.

Mary Phillips plays the ingenue role in Frank Mayo's feature, "The Blazing Trail," which comes to the Superba Sunday. Miss Phillips recently won second prize in the national beauty contest held by the Elks in Chicago.

WALLACE LIKES "CROONING."

"Crooning," a melody different from the usual run of jazz and syncopation, is Oliver Wallace's original solo number at the Rialto Theater this week. "It is one of Wallace's favorites, since he played it recently for reproduction on a film-music piano roll.

DUNCAN ON LOCATION.

William Duncan and company have been making exteriors at Bakewell this week for the feature, "The Superba." Upon his return Mr. Duncan will resume night scenes on Vilgragh's Hollywood lot.

EIONISTS MEET.

The Elanist Organization of America for the District of Los Angeles held its last meeting for the summer last night at 8 o'clock at Temple Hall, Fifth & Marce. Newman was the principal speaker and there was a musical program.

"CLANSMAN" POPULAR.

The "Clansman" will be held over for a second week at the Garrick.

"BOB HAMPTON" HERE.

Marshall Nellan's "Bob Hampton of Placer" arrived at the local First National exchange yesterday according to announcement of David Berphen, general manager. The picture is generally conceded to be one of Nellan's best contributions to the screen. With the Nellan cinema added to the line-up of forthcoming attractions, following Holubar's "Man, Woman, Marriage," the Kinema schedule now includes heads Constantine Talmadge's "Lessons in Love," King Vidor's production of Ralph Connor's "The Sky Pilot," Charles Ray in "Scrap Iron," "Rasul Walsh's "The Oath," and Anita Stewart in "Faythorne."

HAM IN POWELL PICTURE.

Harry Ham, known in this country, Canada and Europe, is taking an important part in the new Paul Powell production for the Paramount British Producers, adapted for the screen by Miss Mary O'Connell.

CUTICURA HEALS PIMPLES ON FACE

Were Small and Red, Burning
Caused Loss of Sleep.

"My trouble began in the form of small, red pimples, which caused me much embarrassment as they were on my face. The pimples became inflamed and caused me to lose sleep by burning. I began using Cuticura Soap and Ointment and they afforded relief in about two weeks. When I had used one cake of Cuticura Soap and two boxes of Cuticura Ointment for three or four weeks I was completely healed." (Signed) Miss A. M. Brown, Hamilton, Washington.

Cuticura Soap drenches and Cuticura Ointment occasionally, prevent pimples or other eruptions. They are a pleasure to use as is also Cuticura Talcum for perfuming the skin.

Sample bottles of Cuticura Soap and Ointment, with full directions, sent free on request to R. A. Kowen & Co., 200 Third Street, New York, N. Y.

No More Gas in Stomach and Bowels

If you wish to be permanently relieved of gas in the stomach and bowels, take Bealman's Gas-Tablets.

Bealman's Gas-Tablets are prepared especially and scientifically for stomach gas, and particularly for all the bad effects resulting from gas pressure.

This empty, gassy and gnawing feeling at the pit of your stomach will disappear; that anxious nervous feeling with heart palpitation will vanish, and you will once more be able to take a deep breath, as often prevented by gas pressing against your heart and lungs.

Your trouble, arose and doctors won't feel gold and go to sleep, because Bealman's Gas-Tablets prevent gas interfering with the circulation; intense drowsiness and sleep feeling after gas will soon be replaced by a desire for some form of amusement. Your doctor's stomach will be reduced by inches because gas will not return unless you take Bealman's Gas-Tablets.

INSURANCE MEN HEAR ANGELENO

President of the Association
Reviews Its Work.

Agents to Visit Los Angeles
Next September.

Credit Organization Discusses
Foreign Trade.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 16.—

Something more than vision and determination are necessary for success in organization, Manly M. Mancha, Los Angeles, president of the California Association of Insurance Agents, declared in a speech at the association's 1921 convention here today.

President Mancha reviewed the work of the organization for the past year and declared that the biggest, most important event in the annals of California insurance history will be the twenty-sixth annual convention of the National Association of Insurance Agents to be held at Los Angeles next September.

"To the national organization we look for the perpetuation of the work of the California Association," said Mancha. "It is our fortification against all State and national attacks on the insurance business."

SELF-PROTECTION.
President Mancha said insurance men, as individuals and through their organization, should participate more actively in State political affairs "solely from a standpoint of self-protection."

There are at present more local organizations of insurance men in California than ever before, according to the president. Organization of these local bodies was recommended by the State association at its convention last year.

CREDIT MEN'S MEET.
Unless the United States, as the great creditor nation, establishes credits and makes investments to give the buying power of foreign nations, now prostrate as the result of the war, Americans cannot hope for any substantial improvement in the market for their products, C. H. Bentley, San Francisco, vice-president of the California Packing Corporation, declared in an address at

the twenty-sixth annual convention of the National Association of Credit Men here today.

Europe needs many American products, Mr. Bentley said, but is unable to pay for them or give satisfactory credit, and to the absence of foreign markets can be blamed the present general depression in the United States.

"Pending tariff legislation will determine largely the success of our exports," Mr. Bentley continued. "Tariffs on imports are needed, if for no other reason, in order that we may have something to trade with in negotiating commercial treaties or reciprocal tariffs with other nations."

NEED FOREIGN POLICY.
"We shall be deeply involved in foreign economic readjustments for generations to come and our government should adopt a foreign policy. It seems incumbent for Congress to grant appropriations for foreign trade development and also incur the hostility of nations most likely to trade with us by proposing legislation of an extremely protective character. With a consistent, well-considered foreign policy, our foreign trade will be developed and prospered throughout the world."

China, Mr. Bentley said, is perhaps America's greatest potential market. "With the gradual adjustment of her political and economic conditions, a vast field of opportunity will be opened up for our goods and services. It is likely that in later years from Russia and Siberia, and from Germany and Japan are likely to get most of the benefit."

"Great Britain continues to be our best customer. Canada is second, France, third, Cuba, fourth, and Germany, fifth. It is likely that our exports to Germany for 1921 will be greater than any year preceding the last war. The Latin American market is of increasing importance, but, unfortunately, our government tries to maintain prohibitive tariffs on some important products of this country."

KNOW YOUR BUSINESS.
To the American business man, the convention today addressed a message, contained in a resolution, urging him to study and standardize his business.

"Know your business today through and through, that it may contribute more surely to our return to solid prosperity," the message read. "Systematize it, seek to standardize it where standardization will mean economy, speed of production and the broadening of markets to your cost to the smallest item."

George P. Ide, Los Angeles, addressed the convention today and said the credit men of the southern city planned to entertain eastern delegates who are in Los Angeles en route home. With an automobile trip and dinner next Tuesday.

The convention will close tomorrow with election of officers.

SAILOR ARRESTED FOR
HAVING TWO WIVES.

SAYS THEY ARE TOO MANY,
ASKS HOW LONG A TERM
WILL HE GET.

(EXCLUSIVE DISPATCH.)
CHICAGO, June 16.—Edward Brewer, formerly of the navy, lived up to the saying "a wife in every port" so well that he has landed in jail. Two women claim the young sailor as husband. A Boston girl says she was the first.

Through her efforts that Brewer's double dealing was discovered. Several months ago the Boston girl began wondering why she did not hear from her husband, who was based at the Great Lakes naval station. She came west to investigate the situation.

Brewer had been discharged, but obtained the address of his "nearest" wife in Evanston. Somewhat mystified Mrs. Brewer of Boston called on Mrs. Brewer of Evanston. The combined forces located Brewer in Kenosha, Wis., where he was selling "two for one" to many. The sailor told the policeman, "How many years do you think I'll get?"

JAP ENVOY SENDS
SYMPATHY MESSAGE.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 16.—The Japanese Ambassador, Baron Shidehara, sent a message of sympathy yesterday to the Arizona pioneers' home at Prescott, Ariz., in connection with the death there of John G. Green, last survivor of Commodore Perry's expedition to Japan.

The reason given for refusal to accept the position is that the former Senator intends to be a Republican candidate for United States Senator in Indiana in 1922, the dispatch says. He will be opposed by the incumbent, Senator Harry S. New.

BEVERIDGE PLANS
SENATORIAL RACE.

(BY A. P. NIGHT WIRE.)
FRESNO, June 16.—Former United States Senator Albert J. Beveridge of Indiana has formally been offered the position of Ambassador to Japan and has declined the post, according to a special dispatch to the Fresno Republican from Washington. The reason given for refusal to accept the position is that the former Senator intends to be a Republican candidate for United States Senator in Indiana in 1922, the dispatch says. He will be opposed by the incumbent, Senator Harry S. New.

"AIR TRAMP" IS ENJOYING LIFE.

Capital Police Chief Says He
Can't Make Arrest.

Son of Congressman Has Much
Flying Experience.

"Vagrant" Flyer Buys Plane
With Nothing Down.

(EXCLUSIVE DISPATCH.)
WASHINGTON, June 16.—Merrill K. Riddick, "air tramp" son of Representative Riddick (Republican, Montana), is resting in the home of his father here after a few hours that carried him all over the United States, while United States Army officers are chagrined because they cannot have him prosecuted for flying an allegedly unworthy plane.

Unavailing efforts were made yesterday by Maj. M. F. Scanlon, commanding officer at Bolling Field, to have Maj. Harry Gensford, Chief of Police here, arrest the young man, but the major said he had no jurisdiction over aviation and Riddick went free. He had the engine removed so the valves could be ground and after oiling up a day or two will be ready to start on another trip.

"VAGRANT" OF AIR.
His father, who stands close to inner councils of the Republican party, admitted today that his son is a sort of "vagrant" so far as the air is concerned. A few days ago a letter came that had been mailed in Texas. A day or two later one came that was mailed in Missouri, and it was soon followed by one from Wisconsin.

Then one day a letter written on stationery of Hotel Lorraine, Chicago, came, saying "See you in a few days."

The letter had scarcely been delivered when young Riddick greeted his father in person, having flown from Chicago.

When he arrived Saturday he landed on a vacant lot near his home in Dent Place, staked down his machine, left it in the care of a person residing near-by and went home for the night. Sunday the family drove out by automobile. He invited his mother to ride over to Bolling Field, four miles away.

"It was just like he invited her to jump in the car and go to the other side of town," Representative Riddick said.

"Before I drove to Dupont Circle, a few blocks away, he was circling for a landing at Bolling Field. Young Riddick was one of the first boys in Montana to volunteer, his father said. He was soon made an instructor on account of his record. He went to France and later entered the air mail service."

"He never had an accident—not even a finger bruised," his father said.

Upon leaving the air mail service Merrill with his savings bought a Curtiss plane and started out to make a living.

He made it a point to pass over towns low enough to see if the people were interested. If they gathered in the streets he took it that an airplane was strange and landed, taking people up at 15 per mile. If the people did not show any interest he went to the next town.

IS MAKING MONEY.
"And he makes more money than I do right now," Mr. Riddick said. He bought his plane from the Curtiss people last August by paying nothing down and \$250 a week.

One time in an Indiana town he had some repairs and could not pay long enough to make up the money. While the papers were being prepared he jumped into the cockpit, flew out of town into the neighboring State, carried passengers at a village until he made enough money to pay the bill, and sent it over to his Indiana friends that day.

PREDICT CUBA WILL
USURP PARIS STYLES.

SHOE DEALER SAYS MILADY'S
HEELS WILL FOLLOW MODE
OF HAVANA.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 16.—Cuba is likely to replace Paris in dictating heel styles for the coming season, James Stone, editor and publisher of the shoe Retailer of Boston, told the third annual convention of the California Retail Shoe Dealers' Association today.

"While the new styles have not been defined, it is possible that women's shoes will have the walking Cuban heel, with straps in the heels and turns," he said. "It is assumed that these styles will be the best sellers."

In discussing prices he said that "the woods are full of amateur economists, who claim that the price of shoes should go back to prewar levels. That will be true when railroad fares go back to 2 cents a mile, house rent to \$8 a month, farm labor \$40 a month, a 'square' meal, 25 cents, and a shave, 15 cents."

"Business will be no better until the public has confidence in prices."

What are You Going to Do With Your July First Dividends?

are you going to allow them to rest idle and unproductive, are you going to risk them in some golden-hued speculation that "promises" an impossible return, or are you going to reinvest them in a conservative, dependable security that yields an assured dividend that is fully protected and strongly earned?

The experienced investor will naturally take the latter course—the only one that leads to SAFETY—he will invest in investments that are secured by land—the SAFEST kind.

Our Guaranteed First Mortgage Certificates are by far the most attractive of this stable type of investment. They are secured by prime loans on income-producing property, are protected by all of our resources and yield 6%—payable twice a year.

MARKETS IN A DECIDED REVERSAL.

Corn Holds Part of Early Gain, Rye Low, Barley is Unchanged.

(EXCLUSIVE DISPATCH)

CHICAGO, June 16.—During the last half of the session the wheat market had a decided reversal of its movement. Under a heavy margin long was credited with heavy selling and this was followed up by the market for 10 months being credited to long interests also. The market was not so much in the lead and the close was near the low point showing losses of 1/4 to 1/2 cents.

Corn held part of its early gain, finishing 1/4 cent higher, and oats were 1/4 to 1/2 cent higher. Rye was 1/4 to 1/2 cent lower and barley 1/4 to 1/2 cent lower. The wheat market was credited with heavy selling and this was followed up by the market for 10 months being credited to long interests also. The market was not so much in the lead and the close was near the low point showing losses of 1/4 to 1/2 cents.

Wheat exhibited much strength. There was further selling at the opening but this was shorted by the market. Leonard and others will speak at the banquet to be given tonight in the basement of the Broadway Department Store, under the auspices of the Pacific Palisades Association, which has as its object, the development of the Methodist resort to be located near Santa Monica. Four hundred persons are expected to be present, and steps will be taken at the meeting to make the resort known, not only throughout the West, but all over the United States.

JAPAN WILL HONOR AMERICAN ADVISER.

WASHINGTON, June 14. — The House of Peers and the government of Japan have each contributed \$4,000 for the erection of a memorial to the late Henry W. Denison, in Guilford, Vt., where he was born in 1848, advised here he said. Denison, who died in 1914, was largely instrumental in establishing the Foreign Office of modern Japan and served as adviser of the Foreign Office from 1880 until his death.

PLIGHT TOUCHES MOTHER'S HEART

Parent of Dead Woman Grieves for Son-in-Law.

Can't Help Being Sorry for Reputed Wife-Slayer.

Defense Springs Surprise in Admission of Letter.

If the mother's heart of Mrs. E. E. Gordon could carry its message to the jury in the trial of her son-in-law, Raymond W. Smith, accused of the murder through cyanide poisoning of his wife, Mary Edith Smith, it would be a pity on behalf of the man who is charged with killing her daughter.

After the court and jury had left the room during a recess of the trial yesterday in Judge Reeves' court, Mrs. Gordon, who had just left the witness stand, broke down and sobbed.

"Poor boy," she moaned, to those who tried to comfort her. "He has no mother, and I have a mother's heart. I can't help feeling sorry for him. They are bringing out so many things against him. And it won't help my daughter any."

Mrs. Gordon said that after Mr. and Mrs. Smith separated she advised her daughter not to return to the defendant. In the trial she testified she did not enter the house at Del Station until after her daughter's death, but that they visited her.

ADMIT SMITH LETTER.

A surprise was sprung yesterday when defense counsel, William H. Anderson, E. S. Patterson and Lawrence Smith, stipulated that a letter said to have been written to Mrs. Smith by the defendant while they were separated was in the handwriting of the defendant. It was thought objection would be made to the introduction of the letter as evidence, but it was admitted without protest. Excerpts from the letter read: "Before reading any further, you had better make yourself comfortable in the big chair, as I think you'll need support. . . . I was sick because I was carousing and drinking and stayed all night with another woman. . . . In the meantime get a good job and forget me forever. I don't love you as a husband ought to and I don't think you can love me after reading this far."

A strenuous effort was made by defense counsel to prevent the introduction in evidence of the letter, supposed to contain cyanide and found by Deputy Sheriff Fox and Nolan in the plant where Smith worked. After considerable argument the case was admitted temporarily, subject to further identification.

DISCOVERS CYANIDE.

Deputy Sheriff Nolan followed Smith on the stand, substantiating his associate in practically all particulars. He told of various trips to the Smith house and of the discovery of the can of cyanide at the plant of the Del Station, Cut House Company, where Smith worked.

Miss Hazel Swartzfager made an attractive witness when she told of meeting Smith at a local cafe. She said that he proposed to her and she tentatively accepted. She said the defendant said he was married, but separated from his wife, and that he intended to get a divorce. She asserted with conviction that she learned Smith went back to his wife the engagement automatically ended.

Prof. Arthur R. Mass, who made a chemical analysis of the contents of the stomach of Mrs. Smith, testified that he found sodium cyanide. L. Andrews, foreman for the company for which Smith worked, said he had observed the defendant enter the plant and leave with a package and that a can of cyanide was kept there. Dep. Dist. Atty. Prickett will continue his presentation of the prosecution's case today.

SERVICE MEN ENJOY FETE AT ONTARIO.

Third Annual Home-Coming Celebration Featured by Floral Parade.

(EXCLUSIVE DISPATCH.)

ONTARIO, June 15.—With thousands of visitors from all over Southern California, Ontario and the west end of San Bernardino county joined today in the observance of the third annual home-coming day in honor of the American Legion and all men from this section who served in the American Legion during the World War.

The morning program was featured by a beautiful floral parade. Prizes in this event were awarded as follows:

Class A floats—First, Halfhill Girls Club, touring car in yellow and white daisies; second, Current Events Club, touring car in white carnations; Easter lilies and ferns; third, Redhill Country Club; float in white and green, with pretty girls in golf togs.

Class B—First, Legion Women's Auxiliary, huge floral basket in red carnations and ferns; second, city service department, float in national colors.

Class C, individuals—First, Warren B. Smith's touring car in daisies, ferns and white tulips; streamer; second, Mrs. Charles E. Mead's radiator in the American Legion colors of blue and gold tulips and blossoms, plotted by kewpies; third, Miss Zephyr Allen's touring car, in white blossoms and decorated with national colors.

Class D, trucks—First, Ontario fire department, auto fire engine elaborately decorated in flags, blossoms and ferns.

The parade was led by Queen Jewel (Miss Jewel Peacock) in regal attire riding in a gorgeously decorated car followed by her ladies-in-waiting, Miss Ennis Kline, Miss Gladys Crenshaw, Miss Louise Dilworth and Miss Ruth Kline, governed in rainbow tints.

Former service men were given a complimentary luncheon on the Chaffey High School campus at noon and the afternoon's program included band concerts, various races, events, an athletic contest, a game and vaudeville acts. The evening was featured by a fire-changing contest under the auspices of the Auto Trades Association, a band concert at City Hall Park, a big street dance in the business district and airplane fireworks.

RIVER RISE HELD BACK AT BORDER.

Flow of Colorado Greater, but Ockerson Levee Shows No Weakening Signs.

(EXCLUSIVE DISPATCH.)

EL CENTRO, June 15.—Very little change was noted today in flood conditions along the Ockerson, Salt and Volcano Lake levees, virtually the only visible difference in conditions since yesterday being an increase of about 8000 second feet in the discharge and a rise of about one-tenth of a foot in the water level on the Ockerson levee.

Last night the river stood at 23.2 feet at Yuma, with reports reaching Chief Engineer Cronholm of the irrigation district from points farther up the river that the crest would not come until about June 28, when there would be at least 145,000 cubic feet of water flowing at Yuma. This will bring the height of the stream at Yuma to thirty feet.

The force of the Imperial Irrigation District, which are engaged in strengthening the Ockerson Levee against the rising flood waters of the Colorado River are working with machine-like precision and the feverish activity usually so noticeable under similar conditions is conspicuous because of its absence.

Steady increase in the discharge of the river and the comparatively small rise of the water level on the gauges causes a stronger feeling of optimism. Among those who are familiar with river conditions the belief is that the river is scouring its channel more rapidly thereby relieving the pressure on the protective works, especially along the lower end of the Ockerson Levee. Reopening and saturation are increasing along the Ockerson below Mile 4, and the efforts of the Irrigation District men are being concentrated along this section of the levee to the end of the railroad tracks about three miles to the south.

All indications today are that the levee will hold the flood, but the watchmen along the dike are none the less vigilant, nor is there any feeling of false security because of indicated strength of the levee. The barrier is being carefully watched, especially in the threatened zone and the first traces of a break will be met with concerted action by every available man and piece of equipment.

DENVER REPORTS.

The following message, concerning the condition of the Colorado River, was received from Denver by the local United States Weather Bureau yesterday: "Rising stage at Tonock next six days. The crest 24.5 feet on June 22, unless further securing occurs. Stage at Yuma of thirty feet indicated by June 25, discharge of 145,000 second feet."

Council Will Face Garbage Disposal Problem Next Week.

President Workman announced yesterday that the City Council, sitting as a committee of the whole, will again tackle the garbage problem next Tuesday at 1:30 p.m.

The Pacific Reduction Company, which is now under contract to accept and dispose of all of the city wastes, has begged, pleaded, urged and demanded that if he permitted to surrender its agreement as the company is losing money. The hog feeders presented a bid for the garbage which the Council considered absurdly low.

The undismayed Councilmen hope to be able to find a way out of the difficulty without the necessity of selling and operating the wastes of the Pacific Reduction Company, which can be done under the agreement between the corporation and the municipality.

Broadway Between Seventh and EighthAfter a painting of the famous Girl
at Narragansett, by Colin Phillips

How the modern girl does enjoy swimming! No loose skirts or blouses to hamper her as she dives—in her Jantzen—and takes all the fancy strokes she likes. Miss 1921 would enjoy her daily swim in an old-fashioned bathing suit almost as much as she would her morning canter riding side saddle.

The modern swimming suit is the Jantzen. It has done much to add to the joy of water sports and change the mode in bathing apparel. It has been accepted for the past five years as the leading swimming suit of the Pacific Coast. This season Jantzens will be worn at every important beach in the country.

It's the Jantzen stitch that makes this suit different. And patented features in the Jantzen make it fit comfortably and naturally—it never binds—never sags. A Jantzen holds its shape after years of service.

These Jantzens were and endorse Jantzens:
 DICK RASMANOWSKI, Honolulu, World's Champion at 100 yds. Olympic Games 1920.
 NORMAN BORN, Seattle Athletic Club, World's Champion at 220, 440, 660 yds. Olympic Games 1920.
 LYLE GIBBY, KUHN, World's Champion Driver, Olympic Games 1920.
 W. H. WALLER, Seattle Athletic Club, National Mile Champion.

Good shops in your city are now showing new models in Jantzens for men, women and children. Be sure to ask for the original Jantzen.

O.K. ON BUDGET
OF CITY HELD UPCriswell and Mallard Fight
Plan to Use Reserve.More Time Asked for Debate
on Government Cost.Councilmen Fear Employees
May be Sufferers.

Approval of the financial budget of the city government for the fiscal year beginning July 1 was held up at yesterday's meeting of the City Council, because of the opposition of several councilmen to the plan recommended by the Budget Committee of dipping into the city's reserve fund to a total of \$376,000 to obtain sufficient money to meet the departmental requirements during the coming year.

"I think it is a dangerous practice to go into the reserve fund for money to run the city," said Councilman Criswell, who is a member of the Budget Committee.

"I ask you to hold up this budget until we can consider it further," said Councilman Mallard. "I do not care for this taking of money from the reserve fund, and if we agree to it, the employees of the city may be forced to discount their salary warrants or we may reach a point where there is not a dollar in the fund. The fund dropped to \$23,000 last year."

When the reserve fund is exhausted, city employees are forced to cash their salary warrants at a discount outside of City Hall. There is now in the reserve fund \$23,000, but during the season when no taxes are coming in it is necessary to draw on the reserve for needed cash. The power department owes the city \$235,000, and the harbor department owes \$12,000. This money is long overdue. When it is collected, it will be placed in the reserve fund.

Councilman Criswell stated when the budget was under discussion that included in it was three debatable items, namely appropriations totalling \$147,000 for three fire houses and equipment. These are to be located at Gardner Junction, West Hollywood, in the Hollywood district and at Cypress and Pepper streets in the San Fernando road section. The item for the fire houses was placed in the budget after the fire bonds had been defeated because the members of the Budget Committee believe that these three districts are more in need of fire protection than any sections of the city.

ITEMS IN BUDGET.
 The budget as submitted yesterday calls for the spending of \$9,626,000 by department during the coming year. The City Engineer's office takes the largest amount of any department, its appropriation being \$3,029,533. The fire department is to receive \$1,732,705, which includes the expenses of the three new fire houses, equipment and men, and the police department will get \$1,640,723. Under the budget the salaries of the Chief of Police and the Chief of the Fire Department are each increased, beginning July 1, from \$2600 a year to \$2800 a year, and other increases are made. R. H. Manahan, chief of the electrical department, from \$245 to \$280 a month; Chief Deputy City Auditor Chester C. Ashely, from \$225 to \$240 a month; Chief Accountant Francis Marshall of the Auditor's office, from \$210 to \$225 a month; Deputy City Clerk David M. Carroll, from \$266 to \$280 a month; Deputy City Clerk Joseph Hopper, from \$190 to \$200 a month. As reported yesterday, the budget requirements for departmental expenses is \$392,000 larger than the budget of the present year, while the grand total, including interest and sinking fund requirements on outstanding and authorized bond issues is \$444,571 less than the present year, owing to the fact that the first year's interest and sinking fund requirements on the \$13,500,000 issue of bonds for the purchase of the Edison system, amounting to \$1,147,000, was collected during the present year and is in the city treasury.

Story Building
Owner Wins in
Service Fight.

After a long period of litigation a decision was handed down by the State Supreme Court yesterday granting to Walter P. Story, owner of the Story Building, permission to supply to a dozen surrounding firms and buildings steam and electricity without taxation of his receipts. The decision also instructs the State to return to Mr. Story funds amounting to \$12,000, the total of his annual tax payments, which he had paid under protest.

For several years the Story Building has been generating electricity and steam in the basement of the structure at Sixth and Broadway and selling it to surrounding buildings. The State Board of Equalization declared that Mr. Story should pay taxes on the gross sales of the steam and electricity, declaring that the Story Building was operative property. The case was heard before Judge Peter J. Shields in Sacramento, who ruled that the electricity tax was valid. The Attorney-General took an appeal from the steam ruling and Attorney Frank B. Amend, representing Mr. Story, took an appeal from the electricity findings. The decision on the steam was affirmed and the electricity decision was reversed. The case was the first of its kind to be contested in California and was closely followed by other owners of local buildings, who also have been furnishing heat and light to neighboring structures.

FOR DISABLED VETERANS.
 A play was given for disabled veterans at the Compton Sanatorium, Compton, by students of the Palm Hall School for Girls, 642 West Twenty-eighth street, on Tuesday evening. The cast included Virginia O'Neil, Dorothy Vents, Louise Simpson, Marjorie Howsley, Agnes May Ellwood, and the program repartees and songs by Ebb, comedy songs and bits by Knute Erickson of New York. The entertainment was given at the auspices of Miss Genevieve Church Smith, chairman of Hospital Entertainment for the Disabled Veterans of the World War. Mrs. Mark Rice contributed refreshments and smokes.

CHURCH CALLS NEW MINISTER.

Coronado Man to Serve Parish
in Pasadena.

May Drill for Oil on City
Garbage Farm.

School Boy Playmates Renew
Old Friendship.

(LOCAL CORRESPONDENCE.)
PASADENA, June 15.—West-
minster Presbyterian Church of
Pasadena has extended a call to
Rev. Angus Hugh Cameron of
Coronado to be pastor of the church,
and Rev. Cameron has accepted. He
will come here to begin his pas-
toral duties in a short time.

Before going to the Coronado
Presbyterian pulpit, Rev. Dr. Cam-
eron was pastor of a church in De-
troit for seventeen years.

Westminster Church lies on the
borderland between Pasadena and
Altadena, and a few years ago built
a new edifice. Rev. Cameron
succeeds Rev. Arthur O. Pritchard,
a Congregational minister, who acted
as pastor for several years, and
who recently resigned to take a
Congregational pastorate in Los
Angeles.

OIL ON SEWER FARM.
Oil operators have approached
City Manager C. W. Kolner with a
proposal to drill for oil on the tri-
city sewage disposal farm, owned
jointly by Pasadena, South Pasade-
na and Altadena. Mr. Kolner
will place the proposal before the
City Board of Directors. Should
this city enter into an agreement,
the other cities interested would
also have to be parties to the deal.
The oil operators propose returns to
the municipalities on the royalty
basis in case wells are brought in.

A new heating plant will be in-
stalled in the U. S. Grant elemen-
tary school. It has been decided by
the school board. Other summer
improvements will include the ad-
dition of a second chemical labora-
tory at Pasadena High School. It
will be situated in the Louis Agassiz
Building.

OLD FRIENDS MEET.
Frank H. Randall and R. W. War-
ren are Pasadena business men.
Both have been here a number of
years but until they met at a luncheon
meeting of the Lions' Club
either realized that the other was
his boyhood playmate at Keene,
N. H. The two men had never hap-
pened to meet before, and though
they had heard each other's name,
did not think of it as the name of
his boyhood friend. Mr. Randall
and Mr. Warren both attended
grammar schools in Keene, N. H.,
years ago. They had not seen each
other since they left the grade
schools.

You will be pleased to know that
Grace Nicholson's Famous Pasadena
Oriental Shop will remain open all
summer. Her stock of exclusive gift
novelties is the finest in the West
and there is no better place to pur-
chase bridge prizes at reasonable
prices. (Advertisement.)

RUNAWAY RETURNS.
(RECEIVED DISPATCH.)
ONTARIO, June 15.—Eleven-
year-old Jackie Hammack, for whom
the police have been searching since
his disappearance Monday was taken
into custody tonight. Charles Joy
found the boy at Collins Station, to
the east of Ontario, and turned him
over to the officers.

Jack's aunt, Mrs. Paul Smith, who
had planned to take him back to
the home of his parents in Hatties-
burg, Miss., left yesterday without
him. The boy told the officers that
he spent last night in a hay stack
near Chino and the night before in a
barn near Corona. He was turned
over to his uncle, Paul Smith.

VETERANS' BENEFIT.

Santa Monica Club to Stage Big
Entertainment.

(LOCAL CORRESPONDENCE.)
SANTA MONICA, June 15.—The
Young Men's City Club is planning
a benefit for the disabled veterans of
the World War to be given in the
open air Memorial Theater on the
night of Friday, June 24.

An interesting program is being
prepared which is to include boxing
and wrestling matches which even
the ladies will enjoy, the presenta-
tion of movie stars and other num-
bers of interest. The municipal
band will desert its regular haunts
for that evening, also, and take part
in the merrymaking. Both in the
Soldiers' Home at Sawtelle and in
the annex of St. Catherine's Hos-
pital there are numbers of men who,
through some misadventure, have
not received their compensation.

Many of these men are in real
need and the object of the proposed
benefit is to provide for them some
of the things which make life worth
living. Quite a number among the
Young Men's City Club membership
are returned veterans.

TO ENLARGE THEATER.
Pomona Business Men Favor Yearly
Appropriation.

(RECEIVED DISPATCH.)
POMONA, June 15.—A motion
favoring the appropriation annually
of \$1000 by the City Council for
the enlargement of the Greek The-
ater at Ganesha Park was passed
unanimously by more than fifty
members of the Pomona Chamber
of Commerce at their meeting here
last night.

SANTA ANA LICENSES.

(RECEIVED DISPATCH.)
LONG BEACH, June 15.—One
person was probably fatally injured,
another seriously and four others
received minor hurts in an automo-
bile accident at Donita and Ocean
avenues today.

The boy's aunt, Mrs. Jane
Scandred, sustained a fractured hip
and severe cuts and bruises,
and C. C. Scandred, Joseph
Field, Margaret Evans and Mrs.
Mary N. Field, of 413 Cypress
avenue, Pasadena, is at the Seaside

The return of the old-fashioned,
glorious and noisy Fourth to Santa
Monica comes in response to the ap-
petites of merchants who today in-
formed the Commissioners that San-
ta Monica is nearly surrounded by
cities that already sell fireworks,
Venice at the south and Sawtelle at
the east. Attempts in recent years
to restrict celebration of the nation's
birthday at the beach to safe and
sane limits have had the effect only
of making the city more popular
with the merchants.

A Danger Signal—Tender and Bleeding Gums

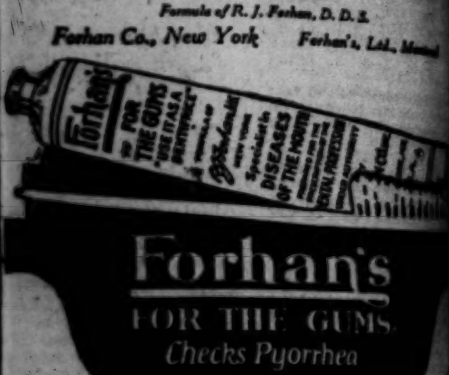

Healthy teeth cannot live in diseased gums. Gums that are tender and bleed are a danger signal. Not only the teeth are affected, but the gums are deep into the body, lower its vitality and cause many diseases. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and must be extracted to rid the system of poisonous germs that breed in pockets about the teeth. Four out of five people over forty have this trouble. But you need not have it. Visit your dentist and use Forhan's For the Gums. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea. Check its progress—if used in time and used only. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, use it today. If gum-shrinkage has already set in, use Forhan's according to directions, and your dentist immediately for special treatment.

Bullock's

The Women of Southern California Who Are Economically Minded Now Eagerly Await the 4 Hours of Intensified Values at Bullock's

Hundreds of Girls and Mothers in Southern California have come to definitely link Bullock's with Girls' Clothes and Furnishings!

Charming Wash Frocks at \$5.00

for Girls of 6 to 14 Years

—should serve as one of many reasons why Bullock's Girls' Store has gained so enviable a place among the Girls and Mothers of the Southland! Value is the ultimate reason—and certainly the Value of these Dresses at \$5.00 is unquestionably high!

—They're made of high grades of Gingham, Chambray, Crepe and Organdy. The styles are varied, with every one vying with its neighbor to excel in beauty. The workmanship is of excellent strength, promising long service—and the colors and color combinations lend enchantment to every Dress!

—The Gingham Dresses are in pretty checks and dainty plaids and are simply trimmed. The Chambray Dresses are of one color with organdy of contrasting color trimmings. Gay colors are characteristic of the Crepe Dresses which have embroidery of wool and appliqued designs.

—Sheer white Organdy Frocks are trimmed in shades of blue, pink and green in a manner to make them fairly bewitching!

—But enough of this description! To see them means surely to purchase them—Saturday morning—on Bullock's Fourth Floor.

Girls' Billie Burke Pajamas, \$2.95

—25 dozen of the popular Step-in Billie Burke Pajamas specially purchased by Bullock's and to be offered at \$2.95 the pair Tomorrow Morning! Girls who know these delightful Pajamas will not hesitate to buy. Those who do not should certainly see these Saturday morning—on Bullock's Fifth Floor.

—In pink and blue Windsor Crepe of excellent quality made with the novel pockets and ruffles at the ankles; sizes for Girls of 4 to 16 years—at \$2.95—in the Girls' Furnishing Section on Bullock's Fifth Floor—tomorrow morning!

Girls' Bathing Suits at \$3.95

—Saturday morning at Bullock's—an opportunity for the Girls of the Southland to prepare for the Summer Bathing Days that have been so late in arriving! This Bullock Offering should make many friends—for the Bathing Suits concerned are of a Quality that one is accustomed to seeing marked much higher than \$3.95.

—Of good wool—a large assortment of colors and color combinations—for, while some are of solid colors others have contrasting color stripes and bindings. Various styles—cut with round and V necklines.

—Bathing Caps to match these Suits are priced 25c to \$1.95—and Bathing Shoes are priced 75c to \$1.75. Find these on Bullock's Fifth Floor.

Tuxedo Sweaters, \$4.95

—For Girls of 6 to 14 years! Fifty of these to be offered for Saturday morning selling. Made of excellent quality French Worsteds, woven in block design; a good variety of colors. Fifth Floor—Saturday Morning.

Girls' Philippine Gowns at \$2.95

—You'll marvel at that heading—but when you see the Gowns you'll marvel still more—for they're of fine materials and are made with the careful workmanship that is characteristic of all Philippine Underwear. This is Saturday morning's June Underwear Offering from Bullock's Girls' Furnishing Section!

—In addition there will be 60 Philippine Gowns at \$3.95—60 Philippine Petticoats at \$1.95—and 60 Philippine Princess Slips at \$4.95!

—They are in sizes for Girls of 6 to 16 years. At these prices these Garments make possible Savings that one should not ignore! Find them on Bullock's Fifth Floor.

Juvenile Sports Oxfords

—Two-colored Oxfords for Sportswear seemed to take the "Grown-ups" by storm. These, to be found in Bullock's Shoe Store for Children, are even more delightfully charming than their older predecessors! And they're very practical—for they have the broad tips, giving room for every toe.

—A Natural color Elkskin Oxford has Tan Ball Straps and Good-year Welt Soles; sizes 8½ to 11 at \$5.45—sizes 11½ to 2 at \$6.45.

—A White Nubuck Oxford has Patent Leather Tips and Foxings—is priced \$5.45 for sizes 8½ to 11—\$6.45 for sizes 11½ to 2.

—Other White Nubucks have Green or Red Calf Ball Straps and Heel Foxings and are offered at but \$5.45 for sizes 8½ to 11.

—See these tomorrow—on Bullock's Fifth Floor.

that have come to mark Saturday Morning as a time to be well spent within the many Sections of Bullock's! For Saturday Morning Selling Bullock's concentrates upon Values that remove all doubt as to the advisability of participation. Substantial Savings are realized by those who share! A few Four-Hour-Sales Values for tomorrow morning's selling are listed below:

Sailor Hats, \$3.75

—If it's a Sailor Hat you are looking for, you should certainly visit Bullock's Millinery Salon tomorrow morning. Bullock's has taken about fifty higher priced Hats and replaced them at \$3.75 for quick disposal. The entire 50 should leave Bullock's by one o'clock Saturday!

—In many smart and attractive shapes; in sports colors with two-tone effects; many are trimmed with figured crepe or ribbon bands.

—Women should not ignore this opportunity to economically provide their Summer Sportswear Millinery. Bullock's Third Floor—tomorrow morning.

300 Organdy and Net

Vestees at \$1.00 Each

—And they're of a much, much higher quality than you would expect to find at so low a price! Every piece has been radically reduced for special selling at Bullock's! Some are of white and have collars attached; others are of colored organdy, lace trimmed and with embroidered bands of organdy or net; some have Venice laces; on a few of them one finds Tuxedo and Buster Brown collars.

—Every Piece has been expertly and carefully made. At \$1.00 each these are Values that are seldom equaled! Bullock's First Floor.

Crepe de Chine Blouses

Special at \$2.95

—Every Blouse specially repriced from much higher priced stocks! They're of a beauty that one seldom finds at so low a price—and when one examines the workmanship and feels the cloth—one knows that such Blouses were never made to be sold at so low a marking! But here they are for Saturday morning at Bullock's! But there are only 40 at \$2.95—and the 40 should not stay long after store opening at 9 o'clock!

—Have both low and high collars—short and long sleeves—round, square and V necklines; white, flesh, tint and suit shades are the colors; in regulation style; for trimmings there have been used tucks and laces on collars and cuffs.

—Remember, however, there are but 40 at \$2.95 each—on Bullock's Third Floor—tomorrow.

Books at Special Prices

—Bullock's Book Store has entered into the spirit of Intensified Values for Saturday morning—and is to offer 100 Novels at but a fraction of their former markings!

—Those who share will have a great choice, as there are not more than two copies of any one Novel in the group!

—This is a splendid opportunity to provide Books for Vacation reading! Bullock's Book Store is on Bullock's Second Floor.

18x36-In. Klearflax Linen

Rugs—Extraordinary—\$1.50

—Bullock's Rug Section has taken 25 attractive Klearflax Linen Rugs as a group and has repriced them far below their actual worth at \$1.50—for tomorrow morning's selling!

—The first 25 buyers to see them Saturday morning should purchase them—for, at \$1.50, they are surprising values! And they're useful for almost any room in the House or on the Porch. They're in solid shades of blue, green, rose and taupe. Find these tomorrow morning—on Bullock's Sixth Floor.

Hundreds of Chairs at

Remarkably Low Prices

will be the Four-Hour-Sales offering of Bullock's Furniture Section! In the past few weeks there have accumulated on Bullock's Seventh Floor literally hundreds of odd Dining Room Chairs from various sources. Included are Chairs of Mahogany, American Walnut and Jacobean Oak finishes—and others with leather and tapestry seats.

—For Saturday Morning's selling these Chairs will be offered at prices that are mere fractions of former markings! These new prices, ranging from \$4.25 to \$32.75, will make possible some very much worthwhile savings! Find them on Bullock's Seventh Floor—Saturday morning.

Bullock's Art Needlework and Gift Store

makes some truly remarkable offerings for Saturday Morning's selling. Those who would share would do well to visit Bullock's Hill Street Building EARLY tomorrow morning!

Stamped Dresser Scarfs, 50c

—Attractive patterns stamped on a good grade of Indian Head—have hemstitched edges to crochet; a limited number of these specially priced at 50c.

—Stamped Lunch Cloths of Indian Head with edges to crochet are also priced at 50c.

Polychrome Book Ends at \$1.95

—These are ideal for Giving and they're surprisingly underpriced at \$1.95 pair. Burnished in both Gold and Silver.

Pillows of Bretonne Lace at \$5.00

—Splendid to give as Shower or Wedding Gifts! Priced away, way below their worth—at \$5.00—tomorrow morning.

Stamped-to-Embroider Apron-Dresses, \$1.25

—100 Apron-Dresses for Women; have attractive designs stamped on a fine quality of Linen in such colors as tan, blue, pink, green. These are very charming when finished.
